

## Words with a Spoke

Words with a spoke attached  
fell out of a mouth  
fell over a lower lip  
didn't have anything to say  
just wanted to get out in the open  
just wanted to get away  
just wanted to be free  
*not* to express themselves  
just wanted to form a wheel  
and roll along  
just wanted to mind their own business  
just wanted to go soundless  
just wanted to hear  
what *that* would be like.
