### Fragment: Warsaw

*...the structure of the archive is spectral.*  
—Derrida, *Archive Fever*

But the world  
wants us  
dead.

I wrote once in a poem  
or a letter I wrote  
but never sent.

On the slow train  
to Kiev, Warsaw,  
or Belgrade.

High-rise  
housing projects  
inside a silence

I can't remember  
where from.
